

Hello,

I hope this message finds your team well. My name is Samantha Brigham, and I proudly represent the MOKA Foundation, the supporting organization for MOKA, a West Michigan based non-profit dedicated to fostering opportunities for independence, acceptance, skill development, and more for people with intellectual and developmental disabilities.

Join Us on Our Journey Towards Inclusion

Today, we are reaching out with a significant invitation – to become a partner in an innovative endeavor aimed at transforming the lives of people with disabilities in Michigan. We request your generous support for our “Compassion in Action” fundraiser, benefiting the MOKA Smart Home Pilot – a visionary project innovating residential care for people with intellectual and developmental disabilities.

What is the Smart Home Pilot?

This project aims to transform select residences into “smart homes.” These homes are equipped with various forms of adaptive and enabling technology that support a more independent and autonomous living environment for residents. With this initiative, we hope to bring about a monumental change, not only in the lives of those who reside with MOKA, but for the thousands of Michiganders who would benefit from this model of care.

How Can You Help?

By sponsoring our Smart Home Pilot fundraiser, you will play an essential role in making this ambitious project a reality. We invite you to share in our vision and contribute in the capacity you find most fitting – through funds or volunteer support. As you contemplate this request, please see how the MOKA Foundation can thank you for your partnership on the following page!

Thank You for Your Time and Kind Consideration We are immensely grateful for your time and consideration. Your support is a significant boost to our vision of enhancing the lives of those we serve.

On behalf of MOKA and the many individuals whose lives your support will transform, I express sincere gratitude.

Warm Regards,
Samantha Brigham
Development Director
